

DEDHAM
DEPARTMENT OF PUBLIC WORKS

CONTRACTOR APPLICATION
SNOW PLOWING AND REMOVAL
2014-2015 WINTER SEASON

Joseph M. Flanagan
Director

Contractor and Operator Responsibilities

Hired contractor equipment will work solely for the Town of Dedham as directed. Equipment and operators must be able to perform all tasks assigned in an acceptable amount of time, as determined by the Director of Public Works. For longer storm duration, the contractor shall rotate fresh operators into the equipment as necessary, to ensure a safe and efficient operation. The equipment must arrive for each and every call well maintained and in good working order. No rubber cutting edges will be allowed. The ability to provide uninterrupted service for the duration of an event is essential. Valid insurance, registration, inspection and licensing for each vehicle and operator must be maintained at all times. The Town of Dedham reserves the right to inspect any participating vehicle at any time to verify suitable condition. This inspection may include a review of insurance, license, inspection and registration documents.

Vehicle operators must report to the Highway Dispatch Office to sign in and out for each event. There are no exceptions to this policy! Failure to comply may result in forfeiture of payment. All breakdowns or equipment failures must be reported to the Highway Dispatch Office during a storm event. No payments shall accrue during extended equipment failures or breakdowns. Operators leaving their assignments without first notifying their supervisor will be paid for verifiable hours worked and may be released from the program.

Contractors must supply the Town with a valid registration of each piece of equipment. Each piece of equipment will be assigned a contractor number by the Town. This number will be displayed on a bumper sticker and must be affixed to the equipment before November 21, 2014. The stickers will be given out after the application is reviewed and approved by the Town. Stickers will be available starting November 7, 2014. They can be picked up at the DPW office, 55 River Street, Dedham, MA 02026 Monday through Friday from 7:00 am- 2:30 pm.

Hired contractor equipment that consistently responds to calls during the winter season and pass the vehicle inspection will receive additional compensation. The additional compensation will be four hours of pay at the vehicle rate. This additional compensation will be paid in May 2015.

*Deadline for submitting applications is October 24, 2014.
